PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

## Takes 2 to 3 Hours To Get W. Palm Beach By Phone; Service Still Inadequate

Bell telephone service in the Pahokee-Canal Point area is still inadequate and inefficient. Despite some effort being made by the phone company to correct the fault, it seems that a special meeting of the Florida Railroad and Public Utilities Commission in this immediate area will be necessary before the Bell concern decides to spend money to give this area the phone service it so rightfully deserves.

Yesterday morning the Belle Glade exchange was posting a "two to three hour delay" on calls from Pahokee-Canal Point to West Palm Beach. Such service is intolerable and Bell phone officials in West Palm Beach, Jacksonville and elsewhere are hereby notified that the Florida Railroad and Public Utilities Commission in Tallahassee was informed yesterday of this inadequate service.

The phone company in a hearing before an official of the state board several months ago made lengthy promises in regard to better service. Whatever the phone company has done to better its service has certainly been in vain if they can offer no better service than "three hours" to West Palm Beach. Explanations galore are being handed out by the Belle Glade phone office in an effort to cover up the shortcomings of the higher ups who have not provided for an efficient service in this area.

## Victor Mulberg, DDS Practices Dentistry In Belle Glade

Many friends of Victor Mulberg, former Pahokee resident, may not know that he is now Dr. Victor Mulberg with dental offices in the Milton building in Belle Glade. He and Mrs. Mulberg moved to Belle Glade last August and he opened his dental offices in September.

Victor was discharged from the navy as a Lieut. Commander after having served five years. He spent two years in the Pacific area. Following his discharge from the Navy in 1946 he returned to Emory University where he took a post-graduate course. He originally graduated from Loyola University in 1940.

The young dentist's many friends in the Glades will remember him as a brother of Arthur Mulberg, successful Pahokee merchant for many years.

### TO FORM COUNCIL

The organization of a Council of Church Women for the Pahokee-Canal Point area will be completed at a meeting in the First Baptist Fellowship Hall in Pahokee this Friday afternoon at 2:30. Mrs. A. R. Harrington of Canal Point, chairman, will preside at the meeting and Dr. H. E. Ressler of Chicago, Ill., will present the devotional program. Members of women's missionary auxiliaries of all churches in the Pahokee-Canal Point area are urged to attend.

## Fuller Warren Is Candidate For Governor's Job

JACKSONVILLE—Fuller Warren, Jacksonville attorney and two-time member of the Florida legislature, announced formally today he is a candidate for governor this year.

Warren, 42-year-old Navy veteran, had been considered a probable candidate for some time and generally has been accorded a wide

lead in the race by political writers and straw ballots. However, his statement yesterday was his first public announcement on the subject. A life-long student of government, Warren gave as one of the most important planks in his 24-point platform "reduction in the unbearably high cost of government" through the establishment of a central purchasing commission and other progressive measures. He asserted that such a commission would "save millions of dollars now being wasted each year by haphazard buying of supplies." (continued on page 8)

## George Hutton Dies At Pahokee Home

George Hutton, 82, pioneer settler of the Glades, died at his home on Canal Point Road, Pahokee, early Thursday morning of last week following an extended illness. Mr. Hutton, a resident of Pahokee for 29 years, came here from Pennsylvania in 1919 and was active in vegetable farming until a few years ago when he retired on account of his health.

Survivors include two sisters, Mrs. Sara Davis and Mrs. Lizzie Whitehead, both of Irwin, Pa.; also two nieces and two nephews.

The body was sent by Berry Funeral Home to Irwin on Sunday for funeral services and burial.

Mr. and Mrs. Paul Riddle had as a guest the past week her sister, Mrs. Mary Tanner of Stuart.

## AIRPORT IS ASSURED FOR BAGOM POINT AS FEDERAL AID IS SECURED

### Cold Wave Hits Glades Farm Area

Old Man Winter rode into the Lake Okechobee farming section Thursday morning with temperatures ranging from 30 to 34 in the beanlands and one section of the sugar cane area suffering from 26 degrees. More cold was predicted for Friday morning. The Port Mayaca, Canal Point and Pahokee areas suffered most from Thursday morning's cold. Belle Glade and South Bay were slightly affected.

### B. Elliott Qualifies For Representative

B. Elliott, state representative in group two, on Wednesday of this week qualified with county officials and will again offer his candidacy to the people of Palm Beach county. Mr. Elliott was first elected to the state office in 1944 and was re-elected in 1946 without opposition. During the two terms that he served in Tallahassee the Pahokee business man gained a wide circle of friends. His service to the county and state as a law maker was outstanding.

### Audit Shows Office Of Judge Larrimore Is Correctly Operated

State auditors finished last week with their annual audit of the justice of the peace office in Pahokee where W. J. Larrimore serves as justice. The report was quite favorable to Mr. Larrimore and his conduct of the office. It pointed out that prescribed records were correctly kept and that bills were not excessive. Mr. Larrimore has been justice of the peace in the seventh district for many years and has built up an enviable reputation for fairness and honesty of purpose in his office.

The Peace Justice also received a citation for his work during the war with the local selective service board as a member of the advisory board of registrants. He served in this capacity for seven years and was pleased when he received his citation signed by Vivian Collins, state director of the selective service system.

### Work Starts On Street Resurfacing

Work was started yesterday resurfacing the street from the hospital to Barfield highway in Pahokee, according to Marvin Cowart, street superintendent. Completion of this work is in line with the program set up several months ago for resurfacing several of the main streets and building other ones. Mr. Cowart said that the city had received some equipment from the federal government which is being used in the street repair program.

## County Project Calls For Total Expenditure of \$130,000.00 with Federal Government Furnishing \$51,125.00; Commissioner Rardin Had \$65,000.00 Put In This Year's County Budget To Purchase Land; New Roads To Make Port Easily Accessible To All Parts of Glades.

### Dan McCarty Has His Hat In The Ring For Governor

Dan McCarty, successful farmer and citrus grower of Fort Pierce, last week announced his candidacy for governor. He is a former member of the legislature and was speaker of the House of Representatives in 1941 at the age of 29 years. In announcing his can-

didacy Young McCarty had the following to say:

"As a successful businessman I am entering the race for Governor in the hope that I may render public service to my State which will benefit all our citizens and build a greater Florida.

"While a member of the Legislature I recognized the need for independent leadership in our government. I feel that I am the best qualified candidate to give the people of Florida an independent, progressive, and efficient administration of the State's business.

"On this basis I submit my candidacy and respectfully request your consideration and active support in the campaign."

### ORGANIZE WARREN CLUB

WEST PALM BEACH—Claiming that Fuller Warren is the leading gubernatorial candidate in Palm Beach county at this time and expressing a determination to keep there, a group of enthusiastic followers headed by W. T. Miller organized a Warren for Governor Club at a meeting held in the George Washington Hotel.

County Commissioner Paul Rardin on Wednesday of this week announced that the county commission had received word from the Civil Aeronautics Administration in Washington that the county's application for \$51,125.00 for federal aid for the building of the Glades-Pahokee airport at the end of Bacom Point Road had been approved by the federal body.

Rardin said that at his request last July \$65,000.00 was set up in the county budget for purchase of the land and that total expenditure for the airport would reach \$130,000.00.

Simultaneously with the announcement that the federal body had oked the project Rardin issued a statement extending thanks to the civic organizations in the Pahokee-Canal Point community for their splendid cooperation in bringing about realization of the project.

A new road direct from the Belle Glade-Chosen terminal will connect with the new airport, Rardin said. He also said that the present Bacom Point Road will be rebuilt to further expedite traffic between Pahokee and the airport.

County engineer J. M. Boyd said that the idea for the Glades airport had been conceived about a year ago, and the county presented its application for an allocation of Federal funds to the CAA last July.

The \$51,125 will be used for the initial work at the airport, and it will be supplemented by county funds. Total cost of the field will be \$133,000 the county engineer said.

Mr. Boyd said that the next step will be for the county to present the CAA with retailed and actual plans of the work to be done for the approval of the Federal agency before the job will begin.

He explained that the site is on the only sand land soil formation in the Central Everglades which will provide a base for the future paving of runways.

"It's the only piece of land in the Glades with the proper base big enough to build an airport on," Commissioner Rardin declared.

### Judge Hickerson Dies In Arcadia

Mr. and Mrs. Fred T. Hickerson were called to Arcadia Monday by the critical illness of Mr. Hickerson's father, Judge Hickerson, 93, who died Tuesday from an attack of pneumonia. Funeral services and burial were at Arcadia Wednesday afternoon.

## Hard Winter Ahead

While the Christian Science Monitor gloomily predicts a slump in Florida's tourist season this year, the Frankfort Journal of Kentucky forecasts a hard winter which will send the winter visitor figures skyrocketing.

The Journal is basing its conclusion on a report from the Farmer's Almanac of 1948, but declares the Almanac has been surprisingly accurate in the past and is as good an oracle on weather as more highly touted organizations.

A frigid winter up north would mean a big tourist season, but doubtless our state would also get a share of the cold with resulting damage to crops. So perhaps it will be just as well if the Almanac slips up. It always gets cold enough in the north to send the tourists here.—Bradenton Herald.

## Richard A. Mack To Seek Re-election To Railroad Board

TALLAHASSEE — Richard A. Mack of Coral Gables announced here that he will qualify to succeed himself on the Florida Railroad and Public Utilities Commission. He was appointed a commissioner last September to take the place of the late W. B. Douglass.

Commissioner Mack was born in Miami and graduated from the University of Florida. He was in business in South Florida for sixteen years, before and after the recent war. He was with the Port Everglades Rock Company when he was appointed in the Douglass vacancy.

"At the time I took office, I realized that I would be faced with a state-wide campaign within a very short time," he said in his announcement, "if I wanted to continue in office after December, 1948. That's a big order for one who has never campaigned for any public office. However, the experience I have had during the past four months has convinced me of the following facts:

"First, that my education at the University of Florida in business administration, and my sixteen years of practical business experience in Florida have given me an excellent foundation for meeting the problems facing the commission in its role of part court and part rule-making body.

"Second, that the people of Florida want men in office who are qualified, and whose actions will be honest, intelligent and practical."

Mack said he has started an active campaign, and expects to visit all parts of the state.

From where I sit ... by Joe Marsh

## Who Are We, Anyway?

Subject came up at Bill Webster's, the other day, as we were chatting over beer and pretzels. Just who are the folks who make up our town? Where'd they come from?

Well, Doc Hollister's Scotch-English ancestry; Will Dudley's folks were mining stock from Pennsylvania; Skip Powell's family were brewers back in Holland.

Guess our bloodstream's got a bit of every country of the globe—and every section of America. We've still got differences in taste and background—whether they apply to music, history, or beer. Only those

differences don't matter—because we're self-respecting people, in a free, united land.

And from where I sit, that's what makes our town and cities — our America — so strong, progressive, tolerant. Our championship of individual liberties has brought us people from all faiths, all lands—to prove that respect for one another's rights is the greatest bond humanity can know!

Joe Marsh

## Hartline Succeeds Mother As Post Master At South Bay

Eric Hartline has assumed his duties as postmaster at the South Bay postoffice. He succeeds his mother, Mrs. Maude Hartline, who has served in that capacity at South Bay for the last 25 years and was retired on a pension at the close of 1947.

The new postmaster is a veteran of five years' service in the South Pacific with the United States Engineering Corps. He had received one year's training before the United States declared war and was thus among the first to volunteer from South Bay. He is vice commander of American Legion post No. 161 of South Bay.

Mrs. Hartline was appointed postmaster of South Bay in 1922, succeeding H. E. W. Clark, and has been in continuous service since that time.

Mrs. Hartline was the third to be appointed to the South Bay office. The first postmaster was C. W. Osborn, who served a short time. Mrs. Elizabeth Lockmiller and J. M. Templeton acted during the interim between the resignation of Osborn and the appointment of Clark.

Postoffice business has grown materially in the 25 years of Mrs. Hartline's service. The office now has one regular clerk, Mrs. P. E. Goodbread, and one substitute clerk, Mrs. W. M. Jeffries, besides the postmaster. Stamp sales, which were approximately \$900 in 1922, increased to \$4,328.57 in 1947.

Money order business has been brisk right from the start. Mrs. Hartline reports, and has grown steadily through the years. She predicts a heavy increase in both stamp sales and money orders

within the next few years.

Settlers in the South Bay-Bean City area received their mail at Okeelanta until a postoffice was established at South Bay. Mail in pioneer days came in by boat, first up the North New River canal from Fort Lauderdale and later across the lake by boat from Clewiston after the A. C. L. had established a terminal there. It was not until 1929, when the paved road

reached South Bay and the F. Z. C. railway built through South Bay to Lake Harbor, that mail reached South Bay by rail and by truck from West Palm Beach.

The Men's Bible Class and the Woman's Victory Class at the Pahokee First Baptist Church will conduct a barbecue and outdoor party on the Elks grounds this Friday evening at 8 o'clock.

## Mrs. Graham Presents OES Program

Mrs. Dorothy Graham presented a special program in observance of "obligation night" at a meeting of the Pahokee Chapter, Order of Eastern Star, in the Masonic Hall on Thursday night of last week. She was assisted by J. V. Thomas, worthy patron.

Plans were made to honor Mrs. Bessie Lyons, grand instructor, with a Friendship night program on Thursday, Jan. 22.

Miss Phyllis Belk, who has been attending Emory University in Atlanta, Ga., has transferred her credits and enrolled as a student at Palm Beach Junior College in West Palm Beach.

Only Advance-Design Trucks Have All These New and Finer Features:

- ★ Cab that "breathes"
- ★ Flexi-Mounted cab
- ★ Uniweld, all-steel construction
- ★ Larger, more durable, fully adjustable seat
- ★ 22% greater visibility
- ★ New, rear-corner windows
- ★ Stronger, new frames
- ★ Full-floating hypoid rear axles
- ★ Specially designed hydraulic truck brakes
- ★ Valve-in-Head Thrift-Master or Load-Master engines
- ★ More efficient loading (stake and high-rack bodies)
- ★ New, thorough sealing insulation
- ★ Standard cab-to-axle-length dimensions permitting interchange of bodies
- ★ ... and MANY more!

Brother, how these stronger, new frames stand up! Wheelbases are longer, too, for better load distribution. And the brakes are exclusively designed for greater brake-lining contact!

There's nothing like the cab that "breathes" for comfort! Fresh air is drawn in from the outside—heated in cold weather—and used air is forced out. The cab is cushioned on rubber—Flexi-Mount—with 12 inches more foot room and eight inches more seating space. There's 22% greater visibility, too, they tell me. The seat is fully adjustable. Man, this is it!

CHEVROLET

Here's a special, heavy-duty job and an extra-special truck! Take your pick from 107 different models and eight wheelbases. There's one made for your special kind of job.

In the world's most economical engine for its size—Chevrolet's Valve-in-Head engine. Fresh air heating and ventilating system and rear corner windows optional at extra cost.

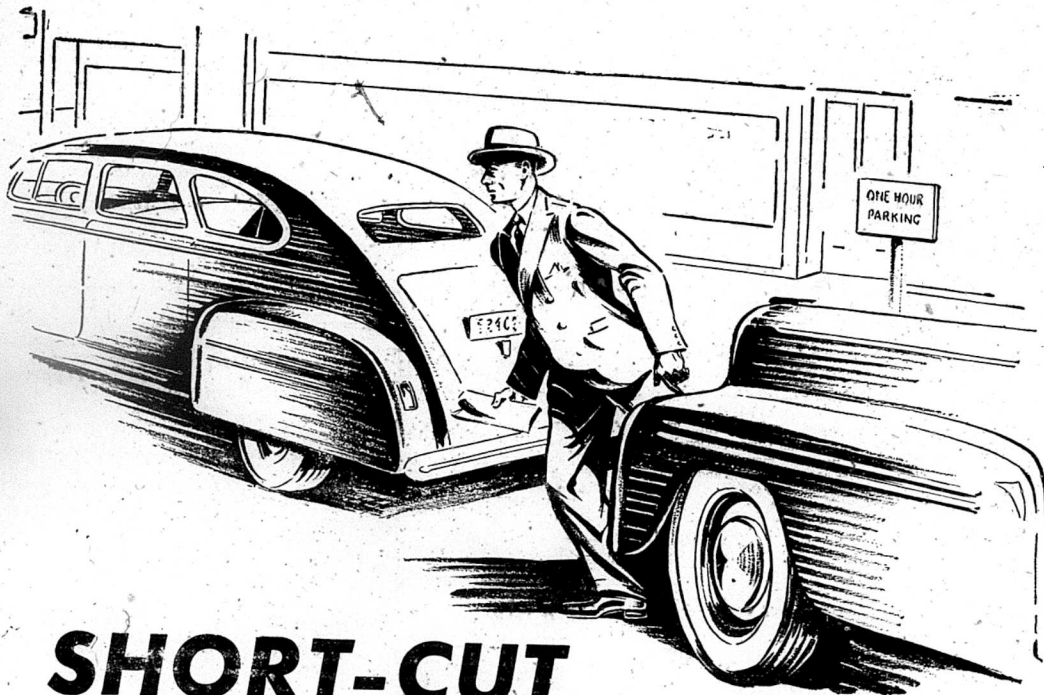

Come in and see these trucks—today! There's a Chevrolet Advance-Design truck to meet your specific needs and offer you TRANSPORTATION UNLIMITED!

Pahokee, Fla.

## SHORT-CUT to Accident--

The quickest way across the street can be the most dangerous way. To cross in the middle of the block, rushing out from between parked cars, can be and too often is a short cut to accident — and death!

In Florida, 170 people were injured, 71 fatally, from these causes alone in our *first peace year*. In 75% of pedestrian accidents the victims were walking in such a way as to contribute to their own demise. Actually, drivers in relation to pedestrians are more careful.

Florida accident records for 1946 indicate that jaywalkers are even more plentiful and careless and are pushing the pedestrian casualty rate to a new high. Someone must do some life-saving — and that someone is *you*.

When you cross a street or highway be personally responsible for your own safety. Don't expect the other fellow to look out for you. Cross with the light if there is one — with greatest caution if there isn't. It's up to you to walk safely and live longer.

Mr. Motorist—

Prepared by the Associated Dailies of Florida, the Florida Press Association, and the National Conservation Bureau as a public service.

## Perry Will Decide On Parking Meters

PERRY—The issue of whether or not to install parking meters in this town of approximately 5,000 inhabitants will be decided in a special election February 3, the Town Council resolved recently.

Councilman W. T. Pace, noting the increasingly difficulty of finding parking space in downtown Perry, moved that the question be put to the citizens in a referendum.

Less than a year ago, the Taylor County Chamber of Commerce reported to the Council results of a survey of towns and cities having meters. The report was made without recommendation, but a petition favoring meters was presented independently.

The survey showed that municipalities which have installed meters found that opposition waned after a few months trial, as a general rule.

The parking meter proposal to be voted on covers the streets around the Courthouse Square, and one block north and a block south of Jefferson Street, according to Byron Butler, city attorney.

Fred W. Brown, Tampa attorney who ran such a splendid race for Railroad Commissioner two years ago and who was nosed out by Wilbur C. King of Zolfo Springs, is being strongly urged to run again this year.

## BURTON QUALIFIES

WAUCHULA—Among the first to qualify in the race for Attorney General to succeed Tom Watson, L. Grady Burton, State Attorney of Wauchula began campaigning in earnest last week. Generally considered top man in the race, Burton is in no sense overconfident, he has a healthy respect for his opponents and says he will make a forceful and energetic campaign from now until election day, May 4.

## Markets Of State Show An Increase

JACKSONVILLE — Increased activity was evidenced at all State Farmers Markets as the new year issued last week by State Market Commissioner William L. Wilson.

Beans moved in heaviest volume with large shipments of tomatoes, strawberries and other crops from South Florida markets.

The Dade City Farmers Market, specializing in poultry and eggs, reports a very substantial volume with the new season's opening at high levels. Livestock markets had the best year in history and are still showing improvement. The Lake City Pine Gum auction has been pouring money into the pockets of local growers and all indications point to the biggest season in the history of Florida markets this year.

## Future Farmers Will Attend Fair

Members of the Pahokee Chapter, Future Farmers of America, at a meeting at the high school Monday night made plans to attend the Florida State Fair in Tampa Feb. 6 and 7. Richard L. Brooks, chapter advisor, reported that sleeping accommodations for the fair have been arranged and the trip will be made by bus.

Donald Harpley was awarded a \$2 cash prize for getting the most orders in the Christmas card sales project. The group voted to allot five acres of school farming land to H. L. Speer, assistant county agriculture agent, for use as pasture in 4-H calf-raising projects. It was also voted to launch a scrap metal salvage campaign to raise funds for the chapter treasury.

## Loan Board Has Successful Year

The Everglades Federal Savings and Loan Association in Belle Glade has just closed a very successful year, according to the annual report released by Hugh J. Bratley, secretary. In commenting upon the year's statement Mr. Bratley said:

"We have made our largest number of loans, which means we are helping more people to own their homes than ever before.

People are becoming more and more conscious of saving, as shown by the amounts invested in our Association during the past year which have more than doubled over 1947.

"With our investments gathered from the four corners of the United States, if there should be a calamity in one part of the U. S. and the savings heavily drawn upon from that area the withdrawals would not be heavy enough to affect the whole structure. By referring to our state-

ment elsewhere in this issue you will notice our assets are over a million and a quarter dollars. This represents a growth of \$439,000.00 for the year.

"The Everglades Federal Savings and Loan Association is a local institution, supervised by local men who are familiar with local conditions and the policies of operation are decided upon by its Board of Directors. All accounts are insured by an agency of the federal government up to \$5,000."

## Woman's Clubs Will Build Barbecue Pits At City Park

Action was taken by members of the Pahokee Woman's Club at a luncheon meeting Tuesday to carry through original plans for constructing barbecue pits at the city park. This project, jointly sponsored by the Woman's Club and the Everglades Business and Professional Woman's Club, has been delayed because of a scarcity of materials which were reported now to be available.

The group voted to join other civic organizations in the sponsorship of a public nursery at the Pahokee Migratory Labor Camp. Mrs. Leon Spooner, president, will name a club representative to serve on the civic sponsoring committee.

Mrs. George O. Schroder was welcomed as a new member. The incident reported that Mrs. W. H. Jones, chairman, and her committee had sold \$60 worth of Christmas seals for the Palm Beach County Tuberculosis and Health Association.

Plans were made to send local delegates to the meeting of the County Federation of Woman's Clubs to be held in Delray Beach on Jan. 20. Mrs. Frank Friend and Mrs. Vinson Henderson will be in charge of arrangements for transportation to the federation meeting.

## Station WSWN Adds New Facilities

Radio Station WSWN, 1000-watt "Voice of the Everglades" this week leased new transcription facilities which nearly double the station's musical library. General Manager Tom Watson, Jr., has announced.

Since going on the air October 5, WSWN has aired musical selections from a transcription library of some 6500 tunes, which is leased from the World Broadcasting System. These transcriptions are the large, sixteen-inch discs which are manufactured for radio use only, having eight to ten selections on each disc.

This week, the Seminole Broadcasting Company signed a contract with the Associated Program Service for use of its transcription library totaling more than 5000 musical selections. The Associated library, like the World library, features a complete variety of musical types, from symphonic to hillbilly.

The Florida Division of the American Cancer Society received a gift of \$100,000 from the Damon Runyan Fund. The check for this amount was presented to society officials at Miami Beach by columnist Walter Winchell.

## Lions Make Plans For Zone Meeting

Pahokee Lions at their Tuesday luncheon meeting, made plans to act as hosts at a Lion zone meeting to be held at Pahokee Sunday, Jan. 18, at 2 p. m. Bob Halligan of Fort Myers, district governor, and Frank Rozelle, Sr., district deputy governor, will be present at the zone meeting.

Claude Hicks, a visiting Lion from Lake Worth, announced the opening of the Lake Worth Lions Club carnival, sponsored by the sight conservation committee. He urged local Lions to attend the district meeting in St. Augustine next month.

Rev. C. T. Howes announced that the first of a series of programs sponsored by the Florida Chain of Mission Assemblies will be presented at a joint meeting of the Pahokee Lions Club and Rotary Club in the First Baptist Fellowship Hall on Friday, Feb. 6. S. F. (Dick) Parrish, program chairman, introduced Russ Davis, orchestra leader at the South Ocean Club in Palm Beach, who played piano selections and Johnny Renson of Lake Worth, vocal soloist, who sang two numbers.

## LOTTIE MOON CIRCLE

Mrs. Stella Mullis, program chairman, presented a royal service program at a meeting of the Lottie Moon Circle, First Baptist WMU, in the Fellowship Hall Monday afternoon.

The theme of the program was "Looking Back Over the Past 60 Years." Those taking part were Mrs. L. G. Alderman, Mrs. W. A. Stevens, Miss Elizabeth Caraway,

Mrs. Margaret Thompson, Mrs. G. M. Grimes, Mrs. E. E. Coleman and Mrs. F. G. Gillis.

It appears now that the hottest political race in the coming primaries will be the one between Ed Fraser and Clarence Gay for Comptroller. There'll be more feudin', fightin' and fussin' in connection with this contest than any other.

## Cinematic Chatter

By Malcolm Miller

Remember Pearl White? She was the original girl in the famous first serials to run on the screen. She made a fortune with her dangerous, adventuresome pictures. She left behind millions who still remember, with pleasure those youthful days when they shuddered through a "PERILS OF PAULINE" picture on a Saturday matinee.

Sunday-Monday at the Prince Theatre in Pahokee, the oldsters will live again those days and the youngsters will shriek their heads off at the corny gags they pulled for a thrill in those "good old days."

On those days Betty Hutton, John Lund, Billie DeWolfe and William Damarest, with a huge cast of featured players and a bevy of chorines will present the newest version of that famous epic, "THE PERILS OF PAULINE."

You simply must see it to appreciate it.

See you at the movies—Mal.

## East Coast Hospital District Organized

Organization of Palm Beach county's new East Coast Memorial Hospital district was effected Monday.

County commissioners appointed a board of physicians resident in the district to manage and operate any hospitals or other health undertakings that the district may start.

They arranged for the doctors to receive an attorney's opinion on provisions of the legislative act setting up the district. The act was approved in a referendum last Tuesday.

The bill authorized the district to maintain such hospitals as needed, in which the indigent sick shall receive care without charge.

Doctors appointed, according to sub-districts and for terms of one to four years, as prescribed in the legislative bill, were:

Sub-district 1—J. C. Nowling and R. W. Hewson; Sub-district 2—R. Henry Baldwin, W. C. Williams, jr., H. A. Wakefield, William H. Weems and Richard S. Ombers; Sub-district 3—Samuel A. Khanan, A. Scott Turk and A. L. Rowe; Sub-district 4, Grady Brantley, N. W. Weems and James E. Nieder; Sub-district 5, W. Graham King.

Discussing the recently established county hospital at the county farm, Commission Chairman John Prince said this county spent \$48,578 out of last year's budget for care of patients at three non-public hospitals here and at the public Everglades Memorial hospital at Pahokee.

Applications for entry to the small new county hospital far exceed its accommodations, Dr. W. E. VanLandingham, county physician, reported.

## Six Million Damage In 6 Florida Counties By Recent Big Blows

Six Florida counties suffered six to seven millions dollars damage from beach erosion last year alone, the county commission was informed Monday.

The figures were contained in invitations from the Southern States Coastal Erosion Control conference to attend its meeting at Sarasota Jan. 30 and 31 looking to getting federal aid in beach protection.

They listed 1947 erosion losses as follows:

Palm Beach county, \$2,000,000; St. Lucie, \$125,000; Pinellas, \$250,000; Collier, \$100,000; Lee, \$450,000; Jacksonville beach and two adjoining beach communities, \$3,000,000 to \$4,000,000.

The Sarasota conference has the support of state and federal officers, the county board was told Gov. Millard Caldwell, Sen. Claude Pepper and Congressman J. Hardin Peterson are scheduled to speak.

Sonja Doyle, daughter of Mr. and Mrs. Richard Doyle, of Gainesville, who flew down to West Palm Beach via Eastern Air Line to spend the holidays with her grandmother, Mrs. Ruby Chaney in Pahokee has returned to her home in Gainesville where Mr. Doyle is attending the University of Florida.

Edward Thompson left this week to join his wife and children in Due West, N. C., for a visit with her parents there. Upon their return the Thompsons plan to make their home in Belle Glade.

Sonja Doyle has returned to Gainesville after a visit with her grandmother, Mrs. Ruby Chaney in Pahokee. She was accompanied to Gainesville by Mrs. Chaney and Mrs. J. A. Humble and son, Andy.

The Annie Jones Circle of Canal Point W. M. U. will meet with Mrs. A. Q. Howell, Mrs. L. L. Horne co-hostess, Thursday night Jan. 22nd at 8 p. m.

The Ione Patterson Circle will meet with Mrs. J. S. Chastain, Monday afternoon Jan. 19th.

## Funeral Services For Mitchell N. Pride

Funeral services for Mitchell Neely Pride, 45, of Canal Point were held at the Canal Point Methodist Church Monday at 4 p. m. with Rev. William T. Blair pastor, officiating.

Mr. Pride, an engineer for the State Road Department, died suddenly from a heart attack at his home in Canal Point Friday afternoon. He had been a resident of the Glades area for the past four years and had lived in Canal Point the past two years, coming to this area from Tuscaloosa, Ala. He was a veteran of World War II, a member of the First Presbyterian Church and the DKE Fraternity.

Survivors include his wife, Mrs. Evelyn Polson Pride, two daughters, Cornelia McCalla and Josephine Pride; two sisters, Mrs. Virginia Binger of Chicago, Ill., and Margaret Howell of New York City.

Pallbearers were Robert L. Murphy, Fred White, Kenyon M. Lasater, James D. Lathan, Paul Sasser and Gil Garbalden.

Burial was at the Port Mayaca Cemetery. Berry's Funeral Home was in charge of arrangements.

## SRD Board Member Will Be Honored

CLEARWATER — The name of Davis Causeway will be changed officially to Courtney Campbell Parkway, in honor of the state road department member from this congressional district, at special dedication ceremonies and a fish fry January 19 at 1:00 P. M., Clearwater Chamber of Commerce officials have announced.

Campbell has been instrumental in getting the state road department to spend about a million dollars on improvements to Davis Causeway in recent years. They include a new and wider road, beautification of the causeway through planting of trees and shrubbery, construction of seawalls and bulkheads to protect the sand beaches, barbecue pits and picnic shelters and ample fishin' area.

The causeway was constructed after the boom days of the 1920s by the late B. T. Davis, who borrowed Federal Government money to help finance the project. During the last war the federal and state governments purchased the causeway, along with Gandy Bridge. Maintenance of the two spans was turned over to the state road department.

Mr. and Mrs. Inman W. Weeks and daughter, Miss Flora Mary Weeks, returned Wednesday from a visit with relatives in Sebring and Lake City. They were accompanied to Lake City by Mrs. Week's mother, Mrs. R. A. Mole, who was their guest here through the holidays.

Mr. and Mrs. J. H. Bordeaux and Mrs. O. H. Chastain, entertained over the holidays, Wilson Bordeaux and his bride, who was Miss Vernie Purvis of Pensacola. Wilson is in the Navy with shore duty at Pensacola.

Mrs. L. Bordeaux and daughter, Elsie Glynn have returned to their home in Philadelphia after a visit with relatives in Canal Point and Ft. Myers.

## Report of Condition of BANK OF PAHOKEE

of Pahokee in the State of Florida, at the close of business on Dec. 31, 1947.

# HURRY! HURRY!

**Join the 11,200 pedestrians KILLED last year!**

Don't go home to-night. Go to the hospital—or the morgue!

Why be around to-morrow, next week, or next year? Go on—dash through traffic when and where you shouldn't. Ignore red lights and safety signs. Make a face at the traffic cop who's trying to protect you as you tear by — hurrying to go — where?

Be impatient. Hurry, hurry and join the 11,200 pedestrians who were killed in the United States last year. 195 of them were neighbors of yours in Florida.

But perhaps you don't like the idea. Maybe you enjoy living and don't want to rush into Kingdom Come prematurely. That's different—and the answer is simple. Don't hurry. Wait just the few seconds it takes the light to go green. Don't take a short cut across the middle of the block, drivers aren't looking for you there. And no matter when or where you cross a highway, be alert. Walk safely and live longer.

Mr. Motorist—

Prepared by the Associated Dailies of Florida, the Florida Press Association, and the National Conservation Bureau, as a public service.

## Sheriff's Department

Palm Beach County

T. HAROLD WILLIAMS

Attorney T. Harold Williams of West Palm Beach this week announces his candidacy for county solicitor. In making his announcement for the solicitor's office the young attorney sets forth a definite platform. It follows:

"I hereby announce my candidacy for County Solicitor of Palm Beach County. I do this because I feel that proper law enforcement has failed over a period of years and that the people want law enforcement suited to our needs, designed and effected for the protection of all alike.

"As a candidate for City Commissioner of West Palm Beach, I announced definite planks, every one of which has been accomplished since I have been Commissioner, and I desire to do the same with reference to my candidacy here.

"I believe that the people want a government that enforces its laws. That type I will bring to the Solicitor's Office. I will prosecute the criminals, not persecute the citizens. I will not 'nolle prosequere' cases which should be prosecuted. I consider the office one about which revolves one of the greatest safeguards the people have. Its prerogatives are powerful. I will use them for the people, not for the solicitor. My war service, my age, my equipment and my friends will make it possible for me to enforce the laws without fear or favor. This is exactly what I pledge myself to do.

"I ask the support of all who have examined my record thus far. I pledge my self to all who want that kind of performance in this important office. I am tied to no gangs, involved in no cliques, beholden to no law violators. If elected, I will enter the office free of entanglements. I will, in due time, leave it the same way. This is my pledge.

"I hope that this announcement will please the many people who

have urged me to make this race. I trust that each will give me this active support, for the forces we are out to beat have powers which no one man can combat successfully. This is a task for all right thinking citizens who are far in the majority if they will meet their sacred obligation. To these I address my pledge and my plea for support."

### Fuller Warren Is—

Continued from page 1  
plies and commodities for the state government."

Warren, who in addition to being senior member of a successful law firm also is connected with a small independent community bank here as a director, had this to say about education in Florida: "The school house is as important as the courthouse. Education should be on a parity with all other branches of government in fact as well as in theory. Some of my plans for improving the schools include increases in teachers' salaries and benefits; improvement of working conditions; enlargement and modernization of present school buildings and construction of new ones where needed; continued emphasis on curriculum development and an adequate long-range financial program. My ideas on such matters as audio-visual education and vocational training will be discussed in detail as the campaign progresses."

Warren expressed his oft-stated opposition to any form of general sales tax in one terse sentence:

"I am absolutely opposed to a general sales tax and, as governor, will veto any bill imposing such a tax if passed by the legislature."

He also declared his belief that his three terms as a member of Jacksonville's city council "have given me a thorough knowledge of the terrific financial problems now facing almost all Florida cities."

### 4-H CLUBS MEET

The Canal Point 4-H Club boys and girls met for a picture show about different kinds of cattle.

The group studied about short horn cows and herfords. They were especially interested in the way they are washed and cleaned for Stock Shows.

Leader: H. L. Speer for the boys; Leader: Mrs. Michaud, Mrs. Vorhees for the girls.

—Hal Rosenberg, Reporter

A record amount of prize money is expected to attract a larger group of Aberdeen-Angus cattle to the 1948 Florida State Fair at Tampa, February 3-14, than ever before. In addition to the \$1800 being offered by the Fair Association, in the neighborhood of \$1500 has been promised from other sources, breeders are told.

## Judge Jos. S. White Is PTA Speaker

Judge Joseph E. White of West Palm Beach was guest speaker at the January meeting of the Pahokee Parent-Teacher Association held Monday night in the school auditorium. Introduced by Mrs. E. L. Pope, program chairman, Judge White spoke on "Juvenile Delinquency," saying that the title of his talk was actually a misnomer since most cases of wrong doing on the part of children can be traced to "parental delinquency."

At the business session with Mrs. D. W. Cunningham, president, presiding, the group voted to assume as the chief project for the year the purchase of new uniforms for the Pahokee High School Band. Frank Rozelle, Sr., North Glades District scout official, announced that the Pahokee Cub Scout Pack, sponsored by PTA, has been reorganized with Mike Hoperich renamed cubmaster and Mrs. D. W. Cunningham, Mrs. Sue Rozelle and Mrs. Christine Elliott appointed den mothers. Principal D. D. Caudill reported that the first aid rooms at the school have been remodeled and redecorated. Mrs. Lula Pope has been appointed in charge of the first aid room at the elementary school.

Plans were made for the Pahokee PTA to act as host at a PTA County Council meeting to be held

in Pahokee on Feb. 17, starting at 10:30 a. m., with luncheon at noon in the Woman's Club building. The business session of the County Council will be conducted in the high school auditorium.

Cubmaster Mike Hoperich announced that the Pahokee cub scouts have been invited to attend a field meet in Belle Glade. The date to be set later. The monthly attendance awards were given by Miss Elizabeth Caran. The fourth grade room at the elementary school and by the two teachers at the high school.

Following the meeting refreshments were served in the school cafeteria by Mrs. H. J. Carter.

Mrs. J. M. Elliott, Mrs. J. V. Thomas and Mrs. H. T. Williams, hostesses.

The group will celebrate PTA Founders Day with a special program at the next meeting on Feb. 9.

Streamlined luxury trains are now bringing hundreds of passengers daily from northern cities into St. Petersburg on safe and speedy winter schedules. All Pullman or reserved seat coaches are featured by both Atlantic Coast Line and Seaboard Air Line railroads, with diners, club cars and all latest innovations of comfort travel.
